## (Appendix 1)

### DEFINITIONS

#### **ADAMS:**

The Anti-Doping Administration and Management System maintained by WADA.

According to article 14.5 of the Code “To enable it to serve as a clearinghouse for Doping Control Testing data, WADA has developed a database management tool, ADAMS, that reflects emerging data privacy principles. In particular, WADA has developed ADAMS to be consistent with data privacy statutes and norms applicable to WADA and other organizations using ADAMS. Private information regarding an Athlete, Athlete Support Personnel, or others involved in anti-doping activities shall be maintained by WADA, which is supervised by Canadian privacy authorities, in strict confidence and in accordance with the International Standard for the protection of privacy. WADA shall, at least annually, publish statistical reports summarizing the information that it receives, ensuring at all times that the privacy of Athletes is fully respected and make itself available for discussions with national and regional data privacy authorities”.

#### **Adverse Analytical Finding:**

A report from a laboratory or other approved *Testing* entity that identifies in a *Sample* the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* (including elevated quantities of endogenous substances) or evidence of the *Use of a Prohibited Method*.

#### **Anti-Doping Organization:**

A *Signatory* of the *Code* that is responsible for adopting rules for initiating, implementing or enforcing any part of the *Doping Control* process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other *Major Event Organizations* that conduct *Testing* at their *Events*, WADA, International Federations, and *National Anti-Doping Organizations*.

#### **Attempt:**

Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an *Attempt* to commit a violation if the *Person* renounces the attempt prior to it being discovered by a third party not involved in the *Attempt*.

***Atypical Finding:***

A report from a laboratory or other WADA-approved entity which requires further investigation as provided by the *International Standard* for Laboratories or related Technical Documents prior to the determination of an *Adverse Analytical Finding*.

***Code:***

The World Anti-Doping *Code*. The *Code* is available on WADA's website at [www.wada-ama.org](http://www.wada-ama.org) or via UCI.

***Competition:***

A single *Race* organized separately (for example: a one day road race, each of the time trial and road race at the road World Championships) or a series of *Races* forming an organizational unit and producing a final winner and/or general classification (for example: a stage race, a track sprint race tournament, a cyclo-ball tournament) (Note: a World Cup series is not an *Event* or *Competition*).

***Disqualification:***

See article 12.1.022 of the UCI Cycling Regulations.

***Doping Control:***

All steps and processes from test distribution planning through to ultimate disposition of any appeal including all steps and processes in between such as provision of whereabouts information, sample collection and handling, laboratory analysis, TUE's, results management and hearings.

***Doping Control Officer:***

The official with overall responsibility for the on-site management of the *Testing* as described in these Anti-Doping Rules and in the *Procedural Guidelines*.

***Event:***

A single *Competition* organized separately (for example: a one day road race, a stage race) or a series of *Competitions* conducted together as a single organization (for example: road World Championships, track World Championships, a track World Cup event); a reference to *Event* includes reference to *Competition* and *Race*, unless the context indicates otherwise.

***In-Competition:***

*In-Competition* refers to the period that starts one day before or, in the case of a major tour, three days before the day of the start of an *Event* and finishing at midnight of the day on which the *Event* finishes.

However, regarding the *Presence* or *Use* of a prohibited stimulant as defined in the *Prohibited List*, *In-Competition* refers to the period starting 8 (eight) hours before the start of a *Race* in which the *Rider* is competing or for which he has been confirmed as a starter and finishing at the end of the *Post-Competition Testing* session that is organized following the *Race*.

***Independent Observers Program:***

A team of observers, under the supervision of *WADA*, who observe and may provide guidance on the *Doping Control* process at certain *Events* and report on their observations.

***Ineligibility:***

Under these Anti-Doping Rules, *Ineligibility* is defined as a suspension as described in article 12.1.033 of the UCI Cycling Regulations.

*Ineligibility* also means that the *License-Holder* is barred, for the period of *Ineligibility*, from participating in any *Competition* or other activity organized or authorized by any *Signatory* or *Signatory's* member organization, and from any funding as provided in article 10.9 of the *Code*.

***International Event / Competition / Race:***

An *Event*, *Competition*, *Race* of the international calendar of the UCI.

***International Standard:***

A standard adopted by *WADA* in support of the *Code*. Compliance with an *International Standard* (as opposed to other alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the *International Standard* were performed properly. *International Standard* shall include any Technical Documents issued pursuant to the *International Standard*.

***License-Holder:***

A *Person* who is holder of a license or who has applied for a license under the UCI Cycling Regulations;

***Major Event Organizations:***

The continental associations of *National Olympic Committees* and other international multi-sport organizations that function as the ruling body for any continental, regional or other international event.

***Marker:***

A compound, group of compounds or biological parameter(s) that indicate(s) the *Use* of a *Prohibited Substance* or *Prohibited Method*.

***Medical Inspector:***

Medical doctor responsible for the *Sample* taking as described in these Anti-Doping Rules and in the *Procedural Guidelines*.

***Metabolite:***

Any substance produced by a biotransformation process.

***Minor:***

A natural *Person* who has not reached the age of majority as established by the applicable laws of his country of residence.

***National Anti-Doping Organization:***

The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of *Samples*, the management of test results, and the conduct of hearings, all at the national level. This includes an entity which may be designated by multiple countries to serve as regional *Anti-Doping Organization* for such countries. If this designation has not been made by the competent public authority(ies), the entity shall be the country's *National Olympic Committee* or its designee.

***National Event / Competition / Race:***

An *Event, Competition, Race* of the national calendar of each of the member federations of the UCI.

***National Olympic Committee:***

The organization recognized by the International Olympic Committee. The term *National Olympic Committee* shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical *National Olympic Committee* responsibilities in the anti-doping area.

***No Advance Notice:***

*Testing* which takes place with no advance warning to the *Rider* and where the *Rider* is continuously chaperoned from the moment of notification through *Sample* provision.

***No Fault or Negligence:***

The *Rider's* establishing that he did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he had *Used* or been administered the *Prohibited Substance* or *Prohibited Method*.

***No Significant Fault or Negligence:***

The *License-Holder's* establishing that his fault or negligence, when viewed in the totality of the circumstances and taking into account the criteria for *No Fault or Negligence*, was not significant in relationship to the anti-doping rule violation.

***Out-of-Competition:***

Any *Doping Control* or fact which is not *In-Competition*.

***Person:***

A natural *Person* or an organization or other entity.

***Possession:***

The actual, physical possession, or the constructive possession (which shall be found only if the *Person* has exclusive control over the *Prohibited Substance/Method* or the premises in which a *Prohibited Substance/Method* exists); provided, however, that if the *Person* does not have exclusive control over the *Prohibited Substance/Method* or the premises in which a *Prohibited Substance/Method* exists, constructive possession shall only be found if the *Person* knew about the presence of the *Prohibited Substance/Method* and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on possession if, prior to receiving notification of any kind that the *Person* has committed an anti-doping rule violation, the *Person* has taken concrete action demonstrating that the *Person* never intended to have possession and has renounced possession by explicitly declaring it to an *Anti-Doping*

*Organization.* Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other means) of a *Prohibited Substance* or *Prohibited Method* constitutes possession by the *Person* who makes the purchase.

*Possession of a Prohibited Method* shall include possession of any device, material or substance serving for the *Prohibited Method*.

*[Code comment: Under this definition, steroids found in an Athlete's car would constitute a violation unless the Athlete establishes that someone else used the car; in that event, the Anti-Doping Organization must establish that, even though the Athlete did not have exclusive control over the car, the Athlete knew about the steroids and intended to have control over the steroids. Similarly, in the example of steroids found in a home medicine cabinet under the joint control of an Athlete and spouse, the Anti-Doping Organization must establish that the Athlete knew the steroids were in the cabinet and that the Athlete intended to exercise control over the steroids.]*

***Post-Finish Testing:***

*In-Competition Testing* session that is organized following a *Race* or *Competition* for the purpose of testing *Riders* that participated in the *Race* or *Competition*.

***Procedural Guidelines:***

Documents established by the Anti-Doping Commission and regulating technical and operational parts of *Testing* pursuant to article 121; reference to these Anti-Doping Rules shall include reference to the *Procedural Guidelines* where applicable.

***Prohibited List:***

The List published by WADA and identifying the *Prohibited Substances* or *Prohibited Methods*.

***Prohibited Method:***

Any method so described on the *Prohibited List*.

***Prohibited Substance:***

Any substance so described on the *Prohibited List*.

***Provisional Suspension:***

The *Rider* being barred temporarily from participating in any *Competition* prior to the final decision at a hearing conducted under Chapter IX or an agreement under article 250.

***Publicly Disclose or Publicly Report:***

To disseminate or distribute information to the general public or persons beyond those persons entitled to earlier notification in accordance with these Anti-Doping Rules.

***Race:***

A cycling contest that produces a winner or a ranking according to the rules (for example: a one day road race, a stage or a half stage in a stage race, the 16th final of a track sprint race tournament, a cyclo-ball game).

***Registered Testing Pool:***

The pool of top level *Riders* established separately by the UCI and each National Anti-Doping Organization who shall provide whereabouts information as stipulated in chapter V.

***Rider:***

A *License-Holder* who participates in an Event as a cyclist or who usually participates in Events as a cyclist.

***Rider's Support Personnel:***

A *License-Holder* who is not a *Rider*.

***Sample/Specimen:***

Any biological material collected for the purposes of *Doping Control*.

***Signatories:***

Those entities signing the *Code* and agreeing to comply with the *Code*, including the International Olympic Committee, the UCI, International Paralympic Committee, *National Olympic Committees*, National Paralympic Committees, *Major Event Organizations*, *National Anti-Doping Organizations*, and WADA.

**Specified Substance:**

*Prohibited Substance* as identified under article 32.

**Tampering:**

Altering for an improper purpose or in an improper way; bringing improper influence to bear; interfering improperly; obstructing, misleading or engaging in any fraudulent conduct to alter results or prevent normal procedures from occurring; or providing knowingly erroneous information to an *Anti-Doping Organization*.

**Target Testing:**

Selection of *Riders* for *Testing* where specific *Riders* or groups of *Riders* are selected on a non-random basis for *Testing* at a specified time.

**Testing:**

The parts of the *Doping Control* process involving test distribution planning, *Sample* collection, *Sample* handling, and *Sample* transport to the laboratory.

**Trafficking:**

Selling, giving, transporting, sending, delivering or distributing a *Prohibited Substance* or *Prohibited Method* (either physically or by any electronic or other means) by a *Rider*, *Rider Support Personnel* or any other *Person* subject to the jurisdiction of an *Anti-Doping Organization* to any third party; provided, however, this definition shall not include the actions of bona fide medical personnel involving a *Prohibited Substance* used for genuine and legal therapeutic purposes or other acceptable justification, and shall not include actions involving *Prohibited Substances* which are not prohibited in *Out-of-Competition Testing* unless the circumstances as a whole demonstrate such *Prohibited Substances* are not intended for genuine and legal therapeutic purposes.

**Use:**

The utilization, application, ingestion, injection or consumption by any means whatsoever of any *Prohibited Substance* or *Prohibited Method*.

**WADA:**

The World Anti-Doping Agency.

**(Appendix 2)**

**SELECTION OF RIDERS TO BE TESTED**

(Article 175 of the Anti-Doping Rules)  
(If no specific instructions were given)

**A. World Championships, Continental Championships, Regional Games**

**1. Track World Championships**

**For each category** (Juniors Men and Women, Elite Men and Women)

**Individual**

- the winner
- 1 rider selected at random by the doping control officer

**For teams**

- 1 rider selected at random by the doping control officer from the winning team
- 1 rider selected at random by the doping control officer from all other teams

**2. Cyclo-Cross World Championships**

**For each category** (Juniors Men and Women, U23, Elite Men and Women)

- first 4 + 2 selected at random by the doping control officer

**3. Road World Championships**

**For each category** (Juniors Men and Women, U23, Elite Men and Women)

- first 4 + 2 selected at random
- individual time trial: first 4 + 2 selected at random
- team time trial: 1 rider selected at random by the doping control officer from the first 4 teams, and 1 rider selected at random by the doping control officer among 2 other teams ranked beyond the fourth place.

**4. Mountain Bike World Championships**

**For each category** (Juniors Men and Women, U23, Elite Men and Women)

- first 2 riders
- 1 rider selected at random

**5. BMX World Championships**

**For each category** (Juniors Men and Women, Elite Men and Women)

- the winner
- 2 riders selected at random

CYCLING  
ANTI-DOPING  
FOUNDATION

## **6. Indoor Cycling World Championships**

- artistic cycling: the champions in each discipline
- cycle-ball: in each group A/B/C – 1 player selected at random from the 2 teams contesting the final

(text modified 1.01.06; 1.02.07; 18.11.11).

## **B. Other events**

### **I. World Calendar (one day events)**

#### **General rule**

- World Calendar leader if he is present
- the winner
- 2 riders selected at random by the doping control officer (3 if the World Calendar leader is not present)

### **II. World Calendar (stage races)**

#### **General rule**

- World Calendar leader after the first stage if he is present
- World Calendar leader after the last stage if he is present
- the winner of the stage
- the leader of the general classification after the stage
- 2 riders selected at random by the doping control officer
- 3 riders selected at random by the doping control officer after the first stage and/or the last stage if the World Calendar leader is not present

### **III. One day events (all disciplines)**

#### **General rule**

- the winner
- 2 riders selected at random by the doping control officer

#### **World Cup**

- the winner of the race
- the leader on the general classification of the world cup after the race
- 2 riders selected at random by the doping control officer

#### **Half-stages**

- the winner of the first half-stage
- the winner of the second half-stage
- one rider selected at random by the doping control officer for each half-stage

#### **Team events**

- one rider selected at random by the doping control officer from the winning team
- 2 riders selected at random by the doping control officer from all other teams

### **IV. Stage races (all disciplines, including prologues)**

#### **General rule**

- the stage winner
- the leader on general classification after the stage
- 2 riders selected at random by the doping control officer

#### **Team time trial stage**

- one rider selected at random by the doping control officer from the winning team
- the leader on general classification after the stage
- 2 riders selected at random by the doping control officer from all other teams

#### **Half-stages**

- the winner of the first half-stage
- the winner of the second half-stage
- the leader on general classification after the second half-stage

### **V. Specific time trial events**

#### **Individual**

- the first three placed riders
- 2 riders selected at random by the doping control officer

#### **For teams**

- one rider selected at random by the doping control officer from the winning team
- one rider selected at random by the doping control officer from the second-placed team
- one rider selected at random by the doping control officer from each of four different randomly selected teams

### **VI. Track events (all disciplines)**

#### **Individual**

- the winner
- one rider selected at random by the doping control officer

#### **For teams**

- one rider selected at random by the doping control officer from the winning team
- one rider selected at random by the doping control officer from all other teams

### **VII. Six-day races**

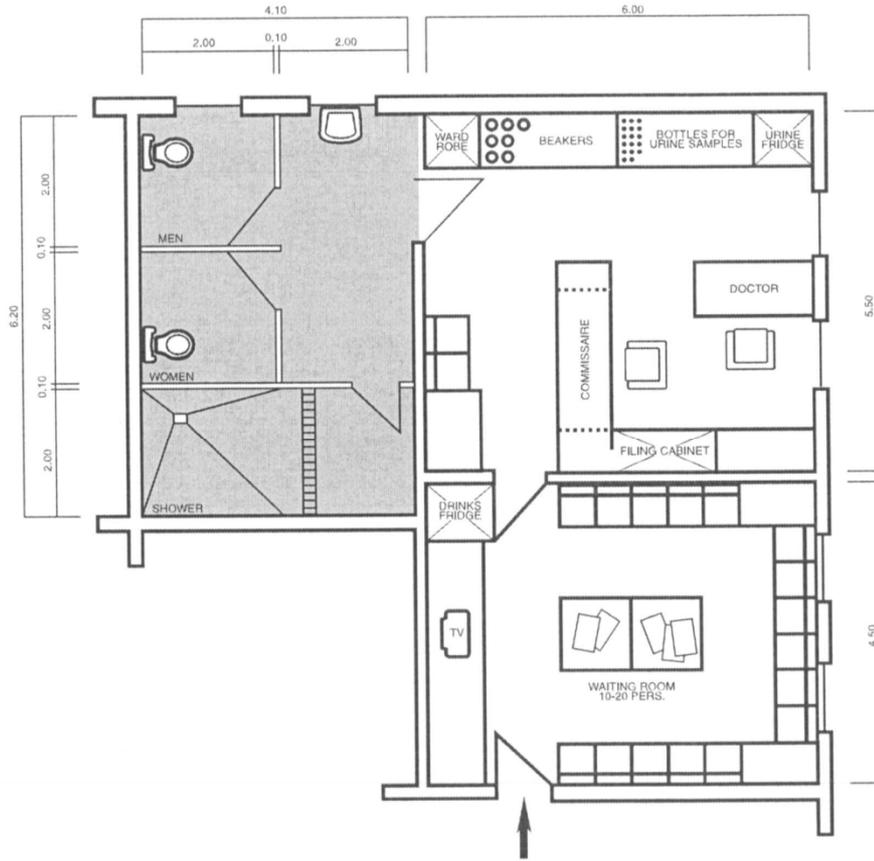

- one rider selected at random by the doping control officer from the winning team
- 3 riders selected at random by the doping control officer from three other different teams

(text modified on 1.01.06; 18.11.11).

(Appendix 3)

PLAN OF A STANDARD DOPING CONTROL STATION

## (Appendix 4)

### EQUIPMENT OF THE DOPING CONTROL STATION

The doping control station must be equipped in such a way to facilitate the running of the tests. A recommended list (non exhaustive) is included hereafter:

#### Equipment to be made available:

- Anti-doping kits\* (Berlinger or Versapack) and collection vessels
- UCI Anti-doping Forms
- gloves
- partial sample kits
- plastic bags in reserve
- packaging to send the kits
- adhesive tape
- envelopes
- string
- scissors
- drinks in large quantities (such as lemonade, mineral water, etc.)  
\* in sufficient number to allow the choice between three kits at least.

#### Furnishings

##### First room (20-25 m<sup>2</sup>)

- 2 tables
- 8 chairs
- 1 refrigerator
- 1 waste bin (garbage)
- 1 telephone connection (phone and fax).

##### Second room

- 2 tables
- 3 chairs
- toilet (WC)
- sink, shower
- 1 waste bin (garbage)
- towels and soap
- ventilation or open window.

(text modified on 1.01.06; 18.11.11).
